

# RAPID ANTIGEN TESTING

INDICATIVE PROCESS - UNDER THE SUPERVISION OF A HEALTH PRACTITIONER

**!** If you have ANY symptoms (e.g. fever, cough, sore throat, shortness of breath, runny nose, loss of taste or loss of smell), please travel from your home to a COVID-19 testing clinic for a PCR test and self-isolate until a negative result is provided

Test result registered with testing supervisor

Electronic proof of test issued

Worker to check out of rapid antigen testing site and scan QR code into work site

If test result is **NEGATIVE**

If test result is **POSITIVE**

## Positive Test Result

- If a worker returns a positive test result, they must immediately leave the site via designated travel path and travel to the nearest COVID-19 testing clinic for priority access to a PCR test
- All necessary notifications to be made to the Public Health Unit via t. 0407 930 113
- Worker must undertake a PCR test and follow Health advice (e.g. self-isolate until a negative result is provided) before they can safely return to the site

Test result registered with testing supervisor

Site Manager must notify the Public Health Unit. Public Health Unit will advise on safe transport to a local COVID-19 testing clinic for priority access to a PCR test

Worker to isolate and get a PCR test as per the Public Health advice

Worker to be provided with NSW Health advice on isolating and how to wait at home for results
